## POSTMASTER PAYS RAWHIDE A VISIT

SAYS CAMP BEARS ALL THE EAR-MARKS OF BEING GREAT PRODUCER.

Postmaster J. Wesley Stewart, portly and ruddy-cheeked as ever, landed back home yesterday from a trip to the coast, where he reports having had a magnificent time. There is no change in the appearance of the government official, save for a slight saving to his body as he walks, which he informs his friends was due to a pair of sea legs acquired going back and forth on the ferry boat. He also claims to hold a record, contending that the woman who slept eighty-six days was nothing by comparison with the time he was awake, which was sixteen days and seven nights.

Mr. Stewart stopped at Rawhide on his way back, where he is interested in a large mercantile house. He was much impressed with the situation in the great camp.

"They have installed an electric lighting system," said Mr. Stewart, "and the place has taken on all the airs of a city. What appealed to me most was that the leasers are spending their money developing the properties. All the big mines of the various Nevada camps have been opened in the same way, and this is one of the signs that leads me to believe that she is making good. Some remarkably rich strikes were made the past week on the Kearns No. 1, the Kearns No. 2, and the Truett leases. Many of the properties are working three shifts a day. I understand that a contract has been let by the Rawhide Mining Company for a 20-stamp mill on a site near Walker Lake, and that the mill will be rushed to an early completion. Teams are coming constantly, loaded down with machinery and hoists, returning loaded down with ore to be taken to the railway for shipment to the smelters."

While in San Francisco, Mr. Stewart was pitted with many questions on the conditions in Southern Nevada. Those whom he came in contact with all seemed to be of the opinion that capital is coming this way, and that our mines are making good and the proposed resumption of dividends on the part of several of the companies here will have a tendency to draw much more capital for investment.

Chief Malley, while in San Francisco, was in conference with former Editor Biggy, who is now at the head of the police department, and present at the same time were noted detectives from all over the country, having been drawn there by the reported presence of a large number of crooks. In discussing the amount of crime occurring in various cities throughout the United States, it was discovered that Tonopah had a very low percentage, due to the efficient police department of this city. The chief paid a visit to the State penitentiary at San Quentin and recognized among the prisoners quite a few men who had been ordered to leave Tonopah. This was the chief's first view of the ocean, and his antics on beholding the broad expanse of the Pacific would have done credit to a ten-year-old schoolboy. He was touted around and shown the sights by the Irish consul from Galway, Ireland, who was a friend of one of Ed's ancestors, Sir Charles O'Malley, the renowned Frenchman.

## MINERS UP AGAINST THE REAL THING

ROUNSEVELL MIDGETS GIVE HUSKIES TRIMMING ON DIAMOND.

There is an intense feeling springing up between the men of the two companies on the hill as to their relative merits on the diamond and great things are looked for next Sunday, when Supt. Blackburn and his men line up against Capt. Hunter and his aggregation from the Montana-Tonopah. A message from the big company's office on the hill to Mr. Rounsevell requesting the privilege of meeting the club bearing his name at the California Heights ground, and that it would be esteemed a high favor, was readily granted. Now, the Rounsevels' average height is four feet three inches, average weight 90 pounds, and age 14 years. The kids proceeded with all the sang froid of a professional team to the grounds. They won the toss for bat. The midgets faced Supt. Fox in the box, backed by the husky miners, and proceeded to knock the cover off the ball in regulation style. Art Boggs, the pitcher for the Rounsevels, swatted the ball for a home run, at the same time breaking a window pane in a house in the lower end of the field, which the mining company will have to replace. At the third inning a general demand was made on the part of the miners that Fox be taken out of the box, as the boys were pelting the ball in every direction and the miners were fast becoming exhausted from chasing the sphere. Supt. Blackburn essayed to fill the position, but he, too, met with a fate like that of Pitcher Fox. In the first half of the fifth the Rounsevels had piled up eight runs, and in order to encourage the miners, allowed them to finish with six, just as a mere matter of form.

And how the town is talking of how the miners played the kids.

MAGAZINE WRITER VISITS TONOPAH

REPRESENTS JOURNAL THAT WILL DEVOTE JUNE NUMBER TO NEVADA.

George D. Heisley, accompanied by his wife and daughter, arrived in this city yesterday and will remain here for several days. Mr. Heisley's mission to this section is in the interests of a magazine published at Seattle, called "See America First." Mr. Heisley has been in the past connected with such papers as the New York World and the Chicago American. He is an illustrator of a high order as well as a brilliant and versatile writer. The magazine which he represents is but a year old and has a wide circulation, and each issue means the publication of 65,000 copies. The idea of the magazine is that Americans should see their own country first and foreign countries afterward, and its endeavor to turn the great flood of money that goes annually to foreign countries, to the United States. The June number of the magazine will give considerable space to Nevada and its citizens. It will be lavishly illustrated, and forecasts and pictures the towns and cities of this State a few years hence. One specially pleasing feature of the magazine is that it solicits no advertising, simply relying on the sale of the book to pay for its publication.

DECORATION DAY.

All Organizations Requested to Send Delegates to Meeting.

To all secret, labor, and fraternal organizations, ladies of the Relief Corps, and school children—

At a meeting of the Grand Army Veterans, affiliated with the Spanish-American War Veterans, of the city of Tonopah, held at Tonopah, Saturday, May 16th, 1908, following a resolution passed at said meeting, it was decided to ask all organizations to participate in the exercises of Memorial Day, May 30th.

A meeting will be held at Judge Brissell's office Wednesday, May 20, at 7:30 p. m. All organizations are requested to send a committee to the said meeting to make arrangements and preparations for the parade.

CHARGED WITH STEALING AUTO

BOYS TAKEN BEFORE JUDGE BRISSELL AND WILL BE HEARD MONDAY.

Billie McKenzie and Arlie Higgins, two boys who have achieved considerable notoriety through their connection with a case which will soon be aired in the courts in connection with looting houses, and the subsequent arrest of a second-hand goods dealer, were again before his honor, Judge Brissell, yesterday afternoon.

The boys are accused of stealing an automobile which had been left by its owner with the Nevada Transfer Company for safe keeping. In some unaccountable manner the boys managed to start the machine, their ultimate destination being Goldfield. They had reached a point back of the Extension office, where they ran into a building occupied as a garage. The boys jumped from the machine and took to their heels. The attendant at the garage shut off the power and housed the machine for the night. A description of the boys was sent to police headquarters and shortly after both lads were arrested and taken before Judge Brissell. A search of their clothing revealed three skeleton keys in the pockets of McKenzie. The case will be tried Monday in the justice court.

SINCERE THANKS DUE GOLDFIELD

BOARD OF COUNTY COMMISSIONERS PASS RESOLUTIONS OF APPRECIATION.

The following resolutions were adopted by the Board of County Commissioners of Nye county in recognition of the aid and assistance offered by the citizens of Goldfield:

Whereas, upon the occasion of the recent conflagration in the town of Tonopah, when it seemed for a time that the whole business district might be consumed, the citizens of the neighboring town of Goldfield made instant preparation to hasten to the rescue by special train, loaded with fire-fighting force and appliances, immediately the requirement therefor should become manifest; and

Whereas, in anticipation of the possible destruction by fire of Tonopah's food supplies by reason of the conflagration becoming general, the citizens of Goldfield further arranged for the purchase and prompt transportation of a large stock of staple supplies to the end that distress should not be added to disaster; no therefore, be it

Resolved, by the Board of County Commissioners of the County of Nye, acting for and on behalf of the town of Tonopah, that such prompt and hearty and effective and generous thought and action on the part of the good people of Goldfield, should be, and is most gratefully appreciated by the citizens of Tonopah and of Nye county generally; and be it further

Resolved, that the action of the citizens of Goldfield above referred to, constitutes a conspicuous illustration of the alertness, generosity and sturdy manliness of the citizens of Goldfield, which has always been recognized as one of the most potent factors in her remarkable growth and development.

Done at Tonopah, Nye county, Nevada, in special session, this 14th day of May, A. D. 1908.

W. T. CUDDY,  
S. F. LINDSAY,  
County Commissioners.
